

Configuration of MRP

General

- Auto name System Drive
 - MRP will enable auto rename the drive label to 'Windows_EditionName' et, if used.
- Remove '-Shortcut' form icons
 - Remove the '-shortcut' reference.
- Reset majority of Explorer view 'Group By' to 'none'
 - This resets the majority of Explorer view's 'Group By' to 'none' instead of 'Today', 'Yesterday' etc.
- Use Separate Process for 'Explorer.exe' file
 - This uses a separate Process for the Explorer.exe file.

Extras

- Enable 'Take Ownership' Context Menu
 - This enables the 'Take Ownership' Context Menu entry. This version will pause after completion of the operation to allow the user to check for any errors etc.

Win 8.x/1x Kernel General Options

- Disable 'Look for App in Store to open this file'
 - Prevents the option to look in the Store for an App to open a file with.
- Hide 'Favorites' folder on the Navigation Pane
 - Hide 'Favorites' folder on Navigation Pane.
- Temporarily turn off internet during OOBE
 - Allows the creation of a Local/Offline user account as it turns off the WiFi/LAN connections temporarily during OOBE. A reboot later may be required to turn connections back on or re-enable manually if they not automatically re-enable.

Win 1x {1}

- Prevent OneDrive form installing
 - Prevent OneDrive installing after setup. Also removes the redundant shortcut form the Start Menu, if present.
- Disable 'Edit with Paint3d' (Context Menu)
 - Removes the " Edit with Paint3D' Context Menu entry, {not the App}.
- Disable 'News and Interests' Feeds
 - This disables the 'News and Interests' feeds.
- Disable All 'Feeds'
 - This disables majority of all feeds.

- Remove M\$ Edge's shortcuts
 - Removes Edge's shortcuts from the desktop etc.

Win 1x {2}

- Prevent 'Microsoft Edge' from automatically starting
 - Prevents Edge from automatically opening when first connected online. Also reduce its telemetry footprint.
- Add 'User Folder' to Explorer Nav Pane
 - Adds the Users Folder to the Explorer's Navigation Pane.

1x Apps

- Remove ALL possible 'Safe' Applications
 - Exept Photos

Win 11

- **Force Local instead of Online Account**
- Add 'End Task' Right-Click Item On The TaskBar
 - Adds the 'End' Task' Right-Click item to any running app, program or window on the Task Bar.
